

shall be equipped with a mirror or reflector attached to and so located and adjusted on such vehicle as to give the operator thereof a clear reflected view of the highway to the rear of such vehicle. It shall be the duty of the owner of such motor vehicle to equip the same with a mirror or reflector as aforesaid, and see that the same is maintained on such vehicle, and of the operator thereof at all times to see that such mirror or reflector is kept in proper adjustment as aforesaid. The failure of either to do as above required shall be a misdemeanor, punishable by a fine of not less than one dollar (\$1.00) nor more than fifty dollars (\$50.00) for the first offense.

(3) (Lights.) Every vehicle, including motor vehicles and horse drawn vehicles, operated or driven on the public highways of the State, at any time when there is not sufficient daylight to render clearly discernible a person, vehicle or other substantial object on the highway at a distance of two hundred (200) feet ahead, shall be provided with lights, as hereinafter provided of sufficient power and so adjusted and operated as to enable the operator or driver to proceed with safety to himself and other users of the highways under all conditions of light, road and weather, provided, however, that the following classes of vehicles shall display under the above condition not less than the lights next specified, to wit:

(a) Motor vehicles, other than the specific classes hereinafter enumerated, shall be provided with two white or tinted lights, other than red, of approximately equal and of not less than ten candle power mounted on opposite sides and visible from the front for a distance of 200 feet, and one red light visible from the rear for a distance of 200 feet; and in addition, every motor truck, trailer and commercial motor vehicle, having a width of ninety inches or over, including the load, and not equipped with permanent marker lights at the front and rear, located approximately at the left side of such vehicle, shall be provided with a light attached to the extreme left of such vehicle showing white, or tinted color other than red, to the front and red to the rear, which shall be visible for a distance of 200 feet from both front and rear, and so attached and adjusted as to indicate the extreme left lateral extension of the vehicle or load.

(b) Motorcycles and tractors, one white or tinted light, other than red, visible from the front for a distance of 200 feet, and one red light visible to the rear for a distance of 200 feet;

(c) Trailers and vehicles towed, one red light visible to the rear for a distance of 200 feet;

(d) Side-cars, one white light visible to the front for a distance of 200 feet;

(e) Bicycles, one white light visible to the front for a distance of 200 feet and one red light or red reflector so displayed that it may be readily and distinctly seen from the rear;

(f) Standing motor vehicles, including all the above, at least one white or tinted light, other than red, visible to the front for a distance of 200 feet, and red to the rear visible for a similar distance carried on the left of such vehicle; any person who shall park a motor vehicle and shall fail to turn on said parking light shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than one dollar (\$1.00) nor more than twenty-five dollars (\$25.00).

(g) Horse-drawn and all other vehicles of every kind on a public highway, in motion or at rest, one white light visible from both front and rear, or a white light visible from the front and red light visible from the rear for a distance of at least 200 feet.
